Closer to the truth
Song lyrics

I can see her face every time when I close my eyes
I can see her walking down the street
I can hear her voice, she says come on, follow me
But then its hard to believe and I cannot move my feet.

People say there is no way for us to go
They say there is no way but outside there’s much more
than you’ve ever seen before.

Will you come with me and leave it all behind
The golden chains and the ruins of our life?
It seems to be to hard but sometimes its harder
To be a part of this circus and to survive.

We will go on, we are coming closer now,
we are getting closer to the truth
and then one day we must choose.

We will go on and we will find out who we are
But still we’re standing here on thinly ice
I can hear the tumbling dice.
